

## INSTRUCTIONS FOR DIAGONAL SQUARES

1. Cast on 3 stitches.
2. Row 1: K1, increase 1 in next stitch, knit to end of row.
3. Repeat Row 1 until side edge measures 10 inches (25 cm).
4. Next Row: K1, K2 together, knit to end of row.

Repeat this row until 3 stitches remain, cast off.

In some instances you may have to decrease 2 stitches per row (beginning and end) towards the last 3 inches of the square due to the tension of various yarns. This will ensure a perfect 25cm square.
